INFORMATION DISCLOSURE STATEMENT

Dear Sir:

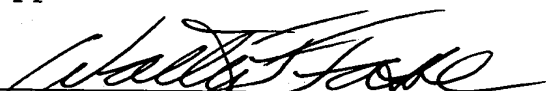

- 1) Pursuant to 37 C.F.R. 1.56, 1.97 and 1.98 applicants enclose a Form PTO-1449 and make of record the documents listed thereon. Copies of English Abstracts for references AD to AF are enclosed. A copy of the English version of the International Search Report issued on January 27, 2004 in the corresponding PCT International application is also enclosed. Copies of references AD to AF are not (and need not be) enclosed because they were provided to the USPTO with the International Search Report in the international processing of this PCT application.
- 2) This statement is being filed concurrently with the above identified new PCT National Phase Application.

- 3) References AA to AC are in English. Reference AD to AF are accompanied by English abstracts. Reference AF is a counterpart of AB and AC, from which the relevance can be determined in English.
- 4) The relevance of references AA and AD to AF was indicated by category in the International Search Report (A = technological background, general state of art; X = relevant for anticipation or obviousness when considered alone). Thereby a concise explanation of the relevance has been provided (see M.P.E.P. §609).
- 5) The Examiner is respectfully requested to consider all references of record, return an initialed copy of the enclosed Form PTO-1449 and ensure that all references of record are printed on any patent issuing from this application.
- 6) Favorable consideration and allowance of claims 1, 2 and 13 to 22 are respectfully requested.

Respectfully submitted,
Hermann PIRNER et al.
Applicant
